WANTED Technologies Appoints Philippe Frenière as CFO

Montreal, March 6, 2006. WANTED Technologies. (TSX-V: WAN) David Tanguay, President and Chief Executive Officer, is pleased to announce the appointment of Philippe Frenière as Chief Financial Officer of WANTED Technologies Corporation. Mr. Frenière assumes his new role on Monday, March 6, 2006.

"WANTED, with its growing client base, is perfectly positioned to lead its market segment in the New Media Intelligence sector. I'm honored to join a team with such leadership strengths and I am excited to build on the success already achieved by WANTED Technologies," says Mr. Frenière.

Before joining WANTED Technologies, Mr. Frenière held the position of Vice President of Finance for 3-SOFT Group Inc. for 3 years. Prior to this, he acted as Vice President of Investments for a well-established private equity fund within the venture capital industry. Mr. Frenière has extensive experience in corporate finance and in the management of public companies. Holding a bachelor's degree in business administration from l'École des Hautes Études Commerciales (HEC-Montreal), Mr. Frenière is also a member of the Institute of Chartered Accountants of Quebec.

Mr. David Tanguay believes this key addition to the executive team will solidify the company's relationship with its shareholders and the financial markets. "Philippe is well known and respected as a results-oriented professional. We are glad he decided to join WANTED to play an active role in the implementation of our vision. His knowledge of the financial and IT markets will undoubtedly contribute greatly to the future growth of WANTED Technologies."

About WANTED

Using its proprietary data mining, lead generation and CRM integrated technologies, WANTED Technologies has been, since 1997, a leading provider of real-time sales and business intelligence for the staffing, recruitment and media classified industries. WANTED was recently selected as the exclusive data provider for the Conference Board's (US) Help-Wanted Online Data Series™, a monthly economic indicator of employment availability.
